From Principal's Desk

Education is the most effective tool and medium for human development. Education changes the mindset through a continuous process involving, research, experiment and innovation. Without such practices a nation cannot expect the future citizens of its country to be informed and creative.

Our Vision

- ★ Concentrate a holistic excellence in children.
- ★ Learning concept through experience.
- ★ Help students to learn that through hard work and creativity one can be far more successful in the world than those pursuing the regular field of study.
- ★ Help students to become all – rounders.
- ★ Aims to eliminate digital illiteracy.
- ★ Treat each child individually in terms of his/her emotional and academic development.
- ★ Use of technology in education just to prepare the students for the 'next generation'.

"Education is a must thing"

- Malala Yousafzai.

Academic Session : April - March

Academic Examinations :

Total Four (4) examinations are Conducted every year for each standard.

School Hours : 8.30 a.m - 12.00 p.m (Lower Section)

Director's Message

Dear Parents and my lovely students,

Learn India Public School is our dream Project. This school is built with the mission to give World- class education to the students. The school wishes to provide value education to its students so that they grow up to be responsible citizens and work for the betterment of the society. That day is not far when our career will be global. Our dream is to make sure that our students can make themselves able for global livelihood.

We are still in our infancy and a lot is to be done yet. Continuous Support from the Parents and society is needed to ensure their all round development.

My best wishes to all of them,

Sirajuddin Mallick

About Our School

Learn India Public School is a co-educational English medium institution following ICSE Curriculum. Children of all denominations irrespective of caste, creed or religion can get admission here. It is our dream project which we proposed to develop annually still we reach 10+2 standard. English is the medium of instruction and every effort is made to ensure that every student reach a high efficiency in this language.

At a Glance

"An investment in knowledge pays the best interest"

- Benjamin Franklin

- ★ Our aim is to impart quality education within easy reach.
- ★ Our aim is to prepare your child to be appreciative, responsible and eager for future learning.
- ★ To provide a happy, safe and stimulating environment for your child to grow and learn.
- ★ To provide a pollution free greenery filled School Campus where a child can develop a healthy body and mind.
- ★ To provide an academic environment that treats each child as a unique individual and develops him/ her to the maximum of his/ her potential.

School Infrastructure

"Each child develops differently" - we understand this perfectly and provide our young learners an ideal learning environment. Our well trained and experienced teachers are deeply committed to teaching, fully skilled in a wide variety of Co-curricular activities and always available to guide and Counsell. Individual attention is given to each student for their academic progress as well as their physical, mental and moral development.
